

Italy

Our Association has a wide base of SMEs (over 17,000 members) many of which are experimenting with new business models related to circular economy and lower CO₂ emissions. We can bring a long-standing experience in project design and management as well as the coordination of pilot actions among our SME base.

With regards to culturale heritage, we coordinate the activities of the European Centre for Heritage Crafts (www.villafabris.eu) and have an extensive network of partners and expertise in the field of cultural heritage (preservation and valorisation).

Topics

CIRC-01b-2017:

Systemic eco-innovative approaches for the circular economy: large-scale demonstration projects (b) Systemic services for the circular economy (IA)

CIRC-04-2016:

New models and economic incentives for circular economy business (RIA)

SC5-21b-2017:

Cultural heritage as a driver for sustainable growth (b) Heritage-led rural regeneration (IA)
