

Italy

The Sustainable Urban Planning group is willing to take part to one project proposal under the Topic SC5-21b-2017 providing the following abilities in:

- the development of new tools, methods and approaches for analyzing, mapping and managing complex dynamics affecting cultural landscapes in rural areas;
- the definition of the regeneration plans for Replicators;
- the strategic assessment of the planning tools;
- the definition of the framework for replication and up-scaling of regeneration models;
- the definition and implementation of the "mentoring" approach;
- the definition of a framework for mapping, analysing the regeneration models, to make them accessible to an EU-wide community.

Topics

SC5-21b-2017:

Cultural heritage as a driver for sustainable growth (b) Heritage-led rural regeneration (IA)
