

## CITIZEM-CLUSTER OF SMART CITIES OF THE REGION OF MURCIA

**MIGUEL MIÑANO NÚÑEZ**, MANAGING DIRECTOR

- [Organisation Information](#)
- [Cooperation Profiles](#)

ABOUT US

The Cluster Of Smart Cities of the Region of Murcia is composed by companies (from big firms to start ups), Universities, technology Centers, Municipalities and other entities working in the field of energy, logistics, mobility, ICT, water etc within cities.

The cluster was created in december 2015 and currently counts on 30 partner entities. The promoters of the Cluster are private companies and it is run by private sector. The entities that are founders of the cluster have wide experience in European projects, including H2020, mainly in the field of Energy.

The Cluster is highly interested in joining R&TD projects dealing with:

- Smart Energy.
- Water.
- Transport, logistics and mobility.
- Waste valorization.
- ICT for cities.
