ABOUT US

As a knowledge-based public institution bringing together some of the best professionals, our mission is to support Kosovo's transformation and reforms in its path towards the European Union.

We accomplish this objective by harmonizing policies of the Republic, aligning its laws with those of the Union, and maintaining widely-engaging and continuous dialogue between the two, while embracing high standards of excellence, knowledge, integrity, accountability and transparency.

We are committed to bring unique European values to both our citizens and government institutions.
