ABOUT US

[META](#) is the premier international investment and advisory group with a pioneering integrated approach to the entrepreneurial needs of the ones at the forefront of Knowledge Intensive Regions.

**We foster entrepreneurship** through our forward thinking and innovative solutions, expert counsel and financial capital, excellent execution and hands-on experience, unique public and private sector expertise, EU reach and a global network of business partnerships.

[META Advisory](#) offers consultancy services based on a profound know-how accumulated through years of practice and partnership with public and private bodies.

[META Zernike Ventures](#) is the premier international investment and advisory group that provides the strong high-quality expertise needed to motivate action, the passion to achieve and the will to win.

[META Academy](#) addresses entrepreneurial challenges through its professional training programs.

We offer entrepreneurs the chance to learn how to create, manage and grow a business, and help researchers and talents to unlock their potential making the research to market process a journey towards use and impact.

Our focus is on **knowledge intensive companies** and **exploitation of results of R&D activities**.

**Our main activities are:**

- advice for innovation and entrepreneurship policies and strategies;
- capacity building actions on access to finance;
- research results exploitation; start up creation and SME support;
- management of early stage funds.
