

Cooperation experience with homeland institutions under scholarship from Alexander von Humboldt Foundation

PMP, Dr. Veaceslav Boldescu, Institute of Chemistry of ASM

Background

2012- present: *project manager (PMP)* and *senior researcher* at the Laboratory of Organic Synthesis and Biopharmaceuticals, Institute of Chemistry of ASM (part/full time)

2009 – 2013: *FP7 Energy & Environment NCP*

2004 – 2013: *lecturer/senior lecturer* at the Department of Industrial and Ecological Chemistry, Moldova State University (full time)

Background

2015 - present: *Humboldtian* at the Institute of Pharmacy and Molecular Biotechnology, University of Heidelberg, Heidelberg, Germany

- *Georg Forster scholarship from AvH foundation*
- *AvH bridging grant*
- *AvH return fellowship*
- *AvH alumni program*

Cooperation experience with homeland institution

- **Common articles writing**
- **Submission of projects**
- **Technical assistance**

Perspectives for further cooperation

- Submission of common projects to different funding agencies
- Assistance in project applications of team members

Challenges, obstacles, and solutions

Challenges and obstacles

- Lack of cooperation tools/infrastructure (RIR is not enough)
- Unattractiveness of homeland institutions as cooperation partners

Challenges, obstacles, and solutions

Solutions

- Project Management Offices (PMOs) creation
- Technology Transfer Offices (TTOs) development
- Mobility fund creation
- Development of conditions for creativity development in young researchers
- Openness to the public and foreign partnerships

Thank you very much for your
attention!
