#### ABOUT US

ARRB provides research, consulting and information services to the road transport industry. It is a trusted adviser to Australian and New Zealand road agencies. ARRB is a government research institute for road transport industry with offices in all major Australian state capitals, USA, and affiliates in China and India. The key areas of ARRB expertise are in pavement research, asset management, road safety and journey management (traffic congestion, freight, heavy vehicle dynamics, parking). The Systems division develops and delivers road survey vehicles and data management software.

#### AREAS OF ACTIVITY

##### Market application

- Automated Road Transport
- Urban Mobility
- Safety
- Infrastructure

##### H2020 2017 Call Topics - Safety

- MG-3.2-2017: Protection of all road users in crashes

##### H2020 2017 Call Topics - Socioeconomic & Behavioural

- MG-8.2-2017: Big data in Transport: Research opportunities, challenges and limitations

#### ORGANISATION

**Australian Road Research Board**
